Notes:

1. A "rental unit" means a residential unit having facilities for permanent residential needs of the family within such residence unit. The number of units shall be based on the total number of units in all buildings operated by the licensee within the city; provided, however, that a unit actually occupied by the licensee or by his agent or employee as manager of the apartment house shall not be counted as a unit for purposes of this provision.

2. Per City of Pismo Beach Municipal Code, Title 5, Section 5.04.060 and 5.04.180

</tr>
</tbody>
</table>

Notes:
1. Per City Council Resolution No. R-2015-036, adopted on May 5, 2015, effective July 5, 2015 and each year thereafter on July 1, all fees on this Schedule of Fees, (excluding percentage-based fees and the Parking-in-lieu Fee) shall be increased by the amount of annual increase in the Consumer Price Index -- U (Los Angeles-Long Beach-Anaheim, CA All Urban Consumers) as reported for the twelve months from February of the previous year to February of the current year.

2. The Fees for Fire Department Resources are based on the most current California Fire Assistance Agreement Rates approved by the California Office of Emergency Services (CAL OES). The fees in the table below were approved by Cal OES and are effective May 1, 2020. These Cal OES rates are NOT subject to the CPI adjustments in Note 1 above.

All fees are applicable to all new development, redevelopment (intensification of land-use), and additions to existing buildings that create additional dwelling units or additional non-residential floor area.

¹ For Parks-Land Acquisition (Quimby), these fees are charged by the City’s Public Works Engineering Division for development related to changing land subdivisions.

² For Self Storage, any housing units in the facility are charged at the single family rate (three bedrooms or more) or multifamily rate (two bedrooms or less) per unit.

³ In the event that the Public Works Director/City Engineer or his/her designee determine that the private project proposal will have water demands or use that will be 15% or more beyond the application of water demand in gallons per day identified in the above Development Impact Fee (DIF) Schedule for “normal water flow”, the City shall impose the larger of either the above DIF Schedule (Normal Fee Schedule) or Table A (Alternate Fee Schedule).

EDU is equivalent dwelling unit

Impact fee is calculated by multiplying the cost per 1" meter by the Water Demand Factor for a given water meter size.
